Mission Statement

The City of Paramount's Legislative Platform establishes a framework for the City's collective principles on matters of legislation and regional issues similar in nature.

The Paramount City Council recognizes the need for an active legislative program to protect the City's interests in the region, Sacramento, and Washington, D.C. This document outlines the City's position on legislative matters.

Purpose

On September 1, 2020, the City Council approved implementation of a Legislative Platform that streamlines a process for staff to follow when the City receives a request to take a position on legislative matters. Adopted annually by the City Council, the Legislative Platform is the foundation of a focused advocacy strategy and serves as a reference guide for legislative positions and objectives. The purpose of the Legislative Platform is to give clear direction to staff when determining the City's position on legislation. The Legislative Platform is developed and maintained by using the goals and objectives of the City Council, and incorporates the City's Vision, Mission, Values, and Strategic Outcomes. It is based on input from the City Council and staff, as well as local legislative staff and the City's legislative advocates.

The Legislative Platform... [uses] the goals and objectives of the City Council, and incorporates the City's Vision, Mission, Values, and Strategic Outcomes.

Implementation

The City Council will review and adopt the Legislative platform at the start of each legislative session and revisit it mid-year. Federal and State legislation that is consistent with the Legislative Platform may be supported by the City. Federal and State legislation that is inconsistent with the Legislative Platform may be opposed by the City. When legislation is supported or opposed by the Legislative Platform, City staff will prepare position letters to be approved by the Mayor. Legislation that is not addressed in the Legislative Platform may require further direction from the City Council. Legislative priorities may only address issues directly related to or impacting the provision of municipal services.

Partner Organizations

Generally, the City supports the legislative positions of the City's partner organizations. However, there may be some instances where the City does not support a certain legislative position by a partner organization. When this occurs, City staff will use the principles and values in this Legislative Platform to guide legislative position. The following are partner organizations the City generally supports:

Guiding Principles

The City of Paramount will take positions and advocate based on the following principles:

1. Preserve Local Control

- Support measures that preserve and protect the City's powers and duties to enact legislation and policy direction concerning local affairs, and oppose legislation that preempts local authority.
- Support measures that preserve and enhance authority and accountability for revenues raised and services provided.

2. Promote Fiscal Stability

Oppose measures that shift local funds to the County, State or Federal Governments, without offsetting benefits.

3. Promote Economic Development

- Support legislation and regulation reforms that provide the City with the necessary tools to continue to grow its economy and enhance economic development efforts.
- Support measures that provide the City with the capability to attract and retain businesses, as well as encourage current businesses to expand and retain jobs locally.
