## **ORAL REPORT**

DEVELOPMENT REVIEW APPLICATION NO. 25:009 – 15538 ROSALES ALLEY PROJECT UPDATE

REPORT

To: Honorable Development Review Board

From: John King, AICP, Planning and Building

Director

Ivan Reyes, Associate Planner By:

Date: December 2, 2025

**ORAL REPORT – DEVELOPMENT REVIEW APPLICATION NO. 25:009** Subject: 15538 ROSALES ALLEY PROJECT UPDATE

On October 1, 2025, the Development Review Board approved Development Review Application No. 25:009, a request by Albert Arvizu/Bestone Construction, Inc. for Paramount Illinois, LLC to construct a 1,225 square foot metal building at 15538 Rosales Alley in the M-2 (Heavy Manufacturing) zone.

On the same date, the Planning Commission reviewed and approved Conditional Use Permit (CUP) No. 982 pertaining to the Paramount Municipal Code requirement subjecting metal structures in the M-2 (Heavy Manufacturing) zone to a CUP.

On October 23, 2025, the applicant requested approval of revised building dimensions after determining that utilizing a prefabricated metal building would be more efficient than proceeding with the previously approved custom-designed structure. The change in dimensions reflects the standardized specifications of the selected prefab model, which the applicant indicates will streamline construction and reduce potential delays. This modification will maintain consistency with the project's overall intent.

In summary, the building was approved with the following dimensions and area – length of 35 feet, width of 35 feet, and 1,225 square feet. The revised building would measure as follows – length of 40 feet, width of 35 feet, and 1,400 square feet.

This evening, staff will provide an overview of the changes to the project design.
