What Is Dilaudid (Hydromorphone)?

Dilaudid, known generically as **Hydromorphone**, is a prescription opioid medication used for **moderate to severe pain relief**. It acts on the central nervous system to alter how your body responds to pain, providing rapid comfort for patients dealing with post-surgical pain, cancer pain, or long-term chronic conditions.

The medication belongs to the **opioid analgesic** class and is well-recognized for its **fast-acting and reliable pain control**, especially when other pain relievers prove less effective.
