What is OxyContin OC 60mg?

OxyContin OC 60mg is a branded form of **Oxycodone Hydrochloride**, a powerful **opioid pain reliever** used to manage **moderate to severe chronic pain**. It works by affecting the brain's pain receptors, helping patients experience long-lasting comfort and improved quality of life. Doctors often prescribe this medication for conditions such as post-surgical recovery, joint pain, and chronic nerve pain when other treatments are insufficient.
